GREEN'S NURSERY CO.

CATALOG

OF THE GOOD THINGS
FOR 1936 PLANTING

MR. BURSON who succeeds to the business of Green's Nursery Co. is well known to thousands of Green's patrons and has been with the company for 50 years as Superintendent and sometimes as Director and Secretary. Patrons are assured that any order small or large will have the painstaking attention that has always been the policy of Green's Nursery Co.

Orders, letters, etc. addressed to Green's Nursery Co. or to the E. H. Burson Nursery at Rochester or Clifton, N. Y. will have prompt and careful attention.

GREEN'S NURSERY CO.
Rochester, N. Y.

THE E. H. BURSON NURSERY, Successor

Green's Nursery Co.

Oct. 29, 1935.

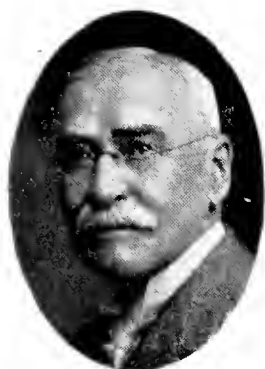

Dear Friends:

This is to acknowledge receipt of your shipment of trees and plants received by express on the 25th inst. and planted Monday, Oct. 28th. In reply beg leave to say, they really are the nicest and best lot of trees every handled, every tree a real masterpiece of the grower's art, straight without a knot, fork, or crook, and strong vigorous roots. A tree of beauty is a joy forever. You are well worthy of that good old reputation, of that good old reliable "Green's Nursery Company" dealing I've enjoyed some thirty-three years ago, and now with your present firm in the spring of 1935, as well as the present shipment. And once more, always so generous in packing, and replacing, rather giving than taking, serving and blessing.

May you live long and happy, enjoying the fruit of your labor for many years. With kindest regards to you all.

Yours very truly,
J. W., Findlay, Ohio.

P. S.: You may use this letter in any way you wish.

CHARLES A. GREEN
Founder

MR. CHARLES A. GREEN, the founder of this business, never wanted to be selfishly rich. All he asked was comfort and the fine knowledge that hundreds of thousands of good folks knew that they would always get absolutely honest value, and the best possible value, from Green's.

OUR REPUTATION YOUR ASSURANCE

For over 50 years, Green's Nursery Co. has been supplying buyers with a quality of nursery stock which has built our present enviable reputation. Recognizing that our reputation is our most valuable asset, you may rest assured that we will do nothing to violate the public confidence we now enjoy and which has taken so many years of hard, conscientious effort to build.

We number our satisfied customers by the thousands—in all parts of the country.

Charles A. Green, founder of this business, was the first man to start a service of supplying reliable nursery stock **DIRECT FROM NURSERY TO GROWERS.**

DIRECT PLAN SAVES 30 PER CENT

No Agents

We employ no agents, consequently we have no agent's commission (usually 30 cents on every dollar) to pay. This saving we pass on to you—the buyer. Why pay an agent 30 cents on every dollar for simply making out an order? We make buying easy. The descriptions in this catalog are authoritative and accurate. You need but to make a selection, fill out the order blank and send it in.

CASH PLAN SAVES YOU ADDITIONAL 20 PER CENT

You Save

Selling for cash only enables us to save you an additional 20 per cent. Statistics prove that nurseries which extend credit

are fortunate if they collect 80 per cent of the money due them. They must overcome this loss by adding 20 per cent to their prices. Our cash plan enables you to keep this 20 per cent in your pocket. This, together with the agent's commission of 30 per cent, means **A CLEAR, CLEAN SAVING TO YOU OF 50 CENTS on EVERY DOLLAR YOU SPEND WITH GREEN'S NURSERY COMPANY.**

OUR STOCK IS CERTIFIED

STATE OF NEW YORK—No. 4085
Department of Agriculture and Markets
Peter G. Ten Eyck, Commissioner
Certificate of Inspection of Nursery Stock

This is to Certify that the nursery stock of **THE E. H. BURSON NURSERIES** of CLIFTON, County of Monroe, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases.

This certificate is valid until Oct. 1, 1936.
Dated, Albany, N. Y., Aug. 19, 1935.

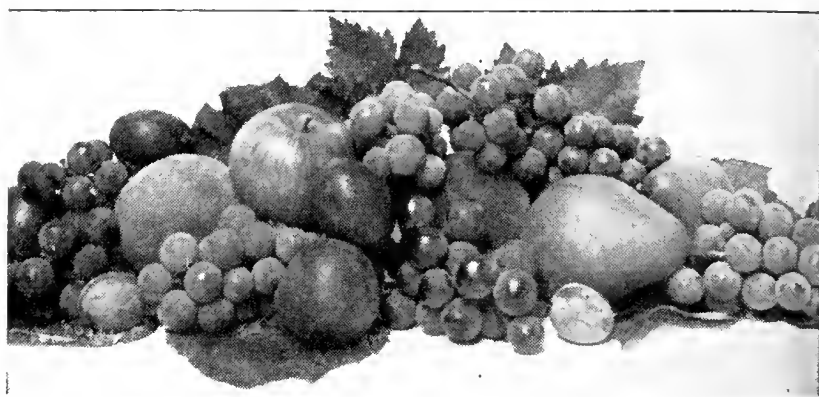

PETER G. TEN EYCK, Commissioner
A. B. BUCHOLZ, Director, Bureau Plant Industry.

The above certificate covers all shipments made by Green's Nursery Co. of Rochester, N. Y., as The E. H. Burson Nursery has succeeded to the business and handles it in the good old way. Mr. Burson first became connected with Green's Nursery Co. in the Spring of 1884, and is well known to many thousands of planters and nurserymen.

Our Guarantee

We guarantee delivery in good condition. If the customer will notify us immediately that shipment arrived in unsatisfactory

condition because of delay in transit or other cause, we will be pleased to make immediate adjustment. No human caution could be more exacting than ours. If any of Green's trees prove untrue to name, we will gladly replace the items or refund the purchase price. Obviously, we cannot assume further responsibility than that.

How to Order

Simply make your selection from this catalog, use the enclosed order blank and mail it to GREEN'S NURSERY CO., ROCHESTER, N. Y.

Terms

Please send payment with order. An express money-order, postal money-order, or bank draft is the best form of remittance. You can send your personal check if you desire. It is not safe to send silver or bills except in a registered letter. This "payment with order" plan saves us the enormous expense of making book records and of collecting accounts and is one of the features of our business that enables us to sell you such high quality trees and plants at such low prices. To new customers, we extend the privilege of C. O. D. shipments and paying when delivery is made by expressman, mailman or freight agent. No premiums are given on C. O. D. orders. Prices are free on board cars at our nurseries.

When to Order

It is best to order early, as this enables us to reserve for you the varieties you want and avoids the possibility of our being sold out. The time of shipment may be left to us, as we keep track of weather conditions throughout the country and ship each order so as to reach our customers at the very best time for planting in that locality. If it is necessary that an order arrive on a certain date, please note it on your order sheet and we will ship to arrive as near to that date as possible.

When to Plant

Planting can be done any time the trees and bushes are dormant and the ground not frozen. In most states the spring planting season extends from March 1st until June 1st, and the fall season from October 1st until December 1st.

Planting Advice

We make every effort to help you get best results and will send you complete planting instructions with your order. Should you desire these planting instructions before shipment, let us know and we will gladly send them.

Orders for Less Than Three Dollars

If your order amounts to less than two dollars, please add fifty cents extra for packing costs. In our endeavor to make our prices as low as possible, we have based our packing costs on orders amounting to ten dollars or more. As it costs practically as much to pack a small order as it does a large one, we find we cannot profitably handle orders of less than two dollars without an additional charge for packing.

25c Orders

The above refers to Express and Freight orders. We accept and ship out orders of 25c by parcel post.

Special Quotations on Large Quantities

Write us for special prices on large orders. Be sure to state the number of each variety wanted and the size of the trees and age or grade of plants desired.

Complaints

Every shipper of Nursery Stock receives some complaints,—we receive very few and these come mainly weeks or more, after, the stock has been received and planted. If any tree or plant is not entirely pleasing when the package is opened, word should be mailed us **at once**. We cannot entertain complaints made weeks or more after receipt of stock as we are not in any way responsible for improper planting or for dry weather following the planting.

We Supply

It is well known that no Nursery grows every tree and plant. We often have calls for items that we do not grow, but can get of reliable growers, and, as we buy these at the lowest trade rate, can supply our patrons at a pleasing price. In such instances, our main aim is to fill orders complete and the profit is a secondary consideration.

RASPBERRIES

LATHAM. The big hardy, mosaic free phenomenal cropper of red fruit that sells on sight at the highest prices,—so hardy in cane that the severe winters of the North West do not injure it. Price: No. 1, 2 yr., 10 for 70c, 50 or more at 6c each; No. 1, 1 yr., 10 for 50c, 50 or more at 4c each, 300 or more at \$3.50 per 100.

CHIEF. A hardy red, ripens 10 days earlier than Latham and is valuable for that reason. Price: No. 1, 2 yr., 10 for 70c, 50 or more at 6c each; No. 1, 1 yr., 10 for 50c, 50 or more at 4c each.

NEWBURGH. A new red variety that is proving its worth. Vigorous in growth and hardy, quality superior to Latham, is being planted largely and is highly recommended for garden culture and to supply a particular class of fresh fruit buyers. Price: for No. 1 Supersize plants, 10 for \$1.00, 50 or more at 8c each; Medium size plants, 10 for 75c, 50 or more at 6c each.

HERE IS WHAT GOLDEN QUEEN. YOU WANT Yellow,—you have wanted a delicious yellow raspberry,—the Golden Queen will meet your wants. Canes grow like the red raspberry,—a few plants set 2 ft. or so in the row will soon make a continuous fruiting row. Supply limited, it is not found in many nurseries, order early before stock is exhausted. Price: No. 1 plants, 5 for 50c, 10 for 80c, 50 or more at 7c each.

COLUMBIAN. The well known purple variety. Possibly no variety of raspberry has shown as big crops or brought in as much clear profit as this variety. The last field we cleared off had been fruited for 16 years and the twelfth crop was the biggest. It is indeed a wonderful variety. Price: 2 yr. Transplants, 10 for \$1.00, 50 or more at 8c each; 1 yr. plants, 10 for 50c, 50 or more at 3c each.

CUMBERLAND. A well known and largely planted blackcap. Good for the home and planted in acre lots by commercial growers. Price: No. 1, 2 yr. transplants, 10 for 70c, 50 to 100 at 6c each; 1 yr. strong, 10 for 50c, 50 to 100 at 3c each.

NEW MARVEL (Blackcap) New. Originated in Ohio and found to be a surprising cropper of showy berries of large size. We are so pleased with this variety that we have planted an acre for home and commercial cropping. Price: 2 yr. transplants, 10 for 70c, 50 to 100 6c each; 1 yr. plants, 10 for 50c, 50 or more at 3c each.

BLACKBERRIES (Thimble Berries)

ELDORADO. The only variety we grow commercially, an acknowledged excellent one, hardy in bush and a big cropper of large sized fruit. Price: Extra strong heavy rooted plants—10 for 70c, 50 or more 6c each.

Special prices will be quoted by letter, on request, on thousand or more lots of Raspberries and Blackberries.

STRAWBERRIES

The money maker for the commercial grower and the ever satisfying delectable fruit for the home garden. There are scores of varieties. We grow and list some of the most reliable for general planting.

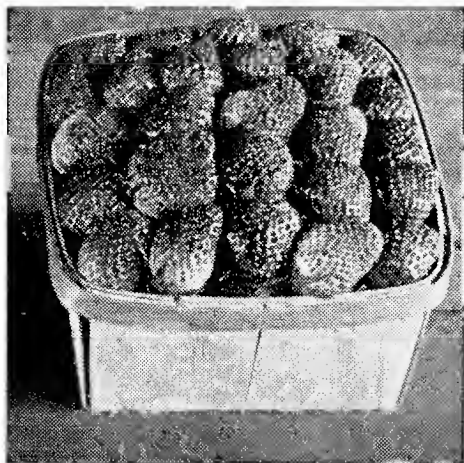

PREMIER EARLY. A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money maker. Price: 12 for 25c, 50 for 40c, 100 for \$1.00 postpaid, 1000 for \$5.00 f.o.b. cars.

DORSETT EARLY. Berries are very firm; firmer than Premier, and are a beautiful light red in color. An excellent variety for canning. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, will undoubtedly become the leading commercial variety. Price: 12 for 25c, 50 for 45c, 100 for \$1.25 postpaid, 1000 for \$6.00 f.o.b. cars.

FAIRFAX EARLY. Berries are exceptionally firm. They are a bright red when picked at proper time. The berries are uniform in size and present very handsome appearance. Price: 12 for 25c, 50 for 45c, 100 for \$1.25 postpaid, 1000 for \$6.00 f.o.b. cars.

DORSETT & FAIRFAX. Both Fairfax and Dorsett are seedlings of the Premier (Howard 17) and Royal Sovereign, an old English variety of high dessert quality.

CORSICAN. Medium early. The leading table variety, sweet, large size. Good for the home garden and for the commercial plot. Sells well on sight on account of size and fine appearance. This variety is known by some as the New York. Price: 12 for 25c, 50 for 55c, 100 for \$1.25 postpaid, 1000 for \$7.00 f.o.b. cars.

MASTODON EVERBEARING. The most extensively planted variety of Everbearing Strawberry plants at this time. Fruit is very large size, waxy appearance. Plants also very large and healthy. Foliage dark, glossy green, and produces fruit throughout the entire Summer and Fall months. On Nov. 5th of last year, we picked a nice lot of good fruit of this variety. **Price: 12 for 35c, 50 for 75c, 100 for \$1.50 postpaid, 1000 for \$8.00 f.o.b. cars.**

All varieties listed are perfect flowering and need no other variety to fertilize the blossoms.

500 plants of any variety at half the price of 1000.

See the Collection Bargains On pages 22 and 23 we are offering made-up collections of plants, bushes, etc., of the best varieties that will mean a big saving to you.

CURRENTS AND GOOSEBERRIES

Plant bushes in row 3 feet apart, rows 6 feet apart, or in blocks 4 feet apart each way. We grow them for fruit extensively in our nurseries and have found that they are one of the most popular small fruits. Currants are always in demand on the market for making jellies, jams, preserves, tarts, etc. Every home garden should contain a dozen or two bushes.

CURRENT VARIETIES

RED CROSS. The most profitable large cherry red. We grow them by the acre for the fruit. **Price: 25c each; 10 for \$2.25; 50 or more at 12c each, postpaid at each and 10 prices. Strong 2 year bushes.**

DIPLOMA. Fruit very large, light red, sweet and unusually juicy. The bushes are strong, vigorous growers and exceptionally productive. **Price: Strong 2 year bushes, 30c; 10 for \$2.75, postpaid; 50 or more at 20c each.**

WHITE GRAPE. This is the best of all white currants. It is an excellent dessert variety because of its mildly acid flavor and large, handsome clusters of golden green or white berries. It is very prolific. **Price: Strong 2 year bushes, 25c each; \$2.00 per 10; \$15.00 per 100.**

GOOSEBERRY—Varieties

POORMAN. The new big red gooseberry. Introduced by the New York State Experiment Station. A variety that has been wanted by everyone. **Price: 2 year strong, 35c each; 3 for 90c, postpaid; 50 or more at 20c each.**

CHAUTAUQUA. The large yellow English variety. The best yellow for home and market. **Price: 50c each; 3 for \$1.35. Prices all postpaid at each and 10 prices.**

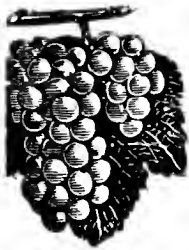

Oct. 23, 1935.

The strawberries came in fine condition and are all in and doing well. The Latham Raspberries and the Caco grape came today. Thank you very much for your generous count.

Very truly yours,
B. D. S., N. Y.

See pages 22 and 23 for Special Collections at Bargain Prices.

GRAPES

Plant 6 to 8 feet apart in rows 8 feet apart. When planting, cut back, leaving two or three buds only to each branch. Don't cut off roots, but plant deep and spread.

CONCORD (Black). Leading commercial grape. Fine flavor. Planted more extensively than any other variety. Keeps well a long time after picking.

Price: 2 year No. 1, 20c each; 10 for \$1.75, postpaid; 50 or more at 10c each.—Select 1 yr. vines 15c each, 10 for \$1.00; 50 to 100 at 6c each. Prices for 300 or more gladly quoted upon request.

CACO (Red). New. Super size berries. Deliciously sweet. Highest quality of all. Ripens early in September. Price: 2 year No. 1 vines, 50c, postpaid; 3 for \$1.35.

MOORES EARLY (Blue). An extra good early variety for the home garden. Price: 2 year No. 1, 30c each; 10 for \$2.50.

NIAGARA (White). Leading commercial white grape. Productive. Large bunches. Good quality. Middle September. Price: 2 year No. 1, 30c each; 10 for \$2.50. 1 year vines, 20c each; 10 for \$1.75.

WORDEN (Black). Seeding of Concord. Larger bunches. Better quality. Early September. Price: 2 year No. 1, 30c each; 10 for \$2.50. 1 year vines, 20c each; 10 for \$1.75.

FREDONIA (New Black). A N. Y. State Experiment Station introduction. Large, black berries, ripening two weeks earlier than Worden. Productive. Excellent quality. Price: 2 year No. 1 Vines, 40c each; 3 for \$1.10, postpaid.

PORTLAND (New White). Another N. Y. State Experiment Station introduction. Holds first place among early green or white varieties. Exceptionally large fruit and bunches. Good quality. Price: 2 year No. 1 Vines, 35c each; 3 for 90c, postpaid. Prices for 50 or more gladly quoted upon request.

GARDEN NECESSARIES

The home garden surely is incomplete without the peers of spring vegetables, Asparagus and Rhubarb. Then how handy it is to have one's own Horseradish and Sage.

ASPARAGUS. Washington rust proof. Price: Extra heavy 2 year plants, 12 for 35c postpaid; 50 to 100, 2c each, not postpaid; choice 1 year roots, 12 for 25c; 50 or more, 1½c each, postpaid.

RHUBARB. Strong. 20c each postpaid; 10 for \$1.50, postpaid.

SAGE (Holt's Mammoth). The leaves of this plant are used extensively for flavoring dressing and sauces. Price: 30c each; 3 for 75c, postpaid.

HORSERADISH SETS. Price: 10 for 50c; 50 or more at 2c each, postpaid.

THYME. For seasoning game and meat dressing. Price: 20c each; 3 for 50c, postpaid.

Sept. 9, 1935.

Dear Sirs:

In the year 1921 I bought several fruit trees and ornamentals. Everything proved true to name and healthy. Was well pleased with the quality of nursery stock sent.

Mrs. J. A. D., Ind. R. 5.

A Dish of English Walnuts

ENGLISH WALNUT. A fine lofty-growing tree with handsome, spreading head. Produces large crops of thin-shelled, delicious nuts, which are always in demand at good prices. We offer a hardy seedling strain grown from nuts secured from a successful grove a few miles from Rochester.

One tree on our grounds produced four bushels of nuts in the 1933 season, and twenty younger trees all produced fruit.

**SPECIAL
LOW PRICE**

Price 2-3 ft. trees 85c each, 5 or more at 80c. Price 18-24 ft. trees 60c each, 5 or more at 50c. All trees are well branched.

JAPAN WALNUT (Siebold). This is a very hardy variety, will stand 20 degrees below zero without injury, a rapid-growing, handsome tree which bears young and abundantly. Price: 3-4 ft. trees, 65c each; 5 or more at 60c; 2-3 ft. trees, 55c each; 5 or more at 50c.

BLACK WALNUT (Standard Strain). A fast-growing tree prized not only for its heavy crops of large, nutritious nuts, but also for its exceedingly valuable wood in great demand by furniture makers and gunsmiths. Price: 5-6 ft. trees, 75c each; 5 or more at 65c; 6-8 ft. trees, \$1.10 each; 5 or more at \$1.00.

BUTTERNUT. This rapid-growing, lofty-spreading tree is one of our finest native trees. Valued for its tropical appearance and beautiful wood. Price: 4-5 ft. trees, 75c each; 5 or more at 65c; 5-6 ft. trees, 85c each; 5 or more at 75c.

ENGLISH FILBERT (Hazelnut). A low-growing bushy tree, producing abundant crops of roundish, tender nuts of nice flavor, greatly prized for home use and used extensively in the manufacture of candy. Price: 3-4 ft. trees, 75c each; 5 or more at 70c.

Dear Sir:

I was more than pleased with the Grape and Gooseberry bushes received recently, they were fine.

Very truly yours,

(Signed) C. M. K.,
Clinton, N. Y.

See page 21 for Gift of Bulbs.

FRUIT TREES

APRICOT. Hardy varieties.

Price: 3 to 4 ft., well branched, 75c each.

APPLE (Standards). Baldwin, Cortland, Delicious, Duchess, Gravenstein, Jonathan, King, McIntosh, N. Spy, Red Astrachan, Rome, Transcendent Crab, Wealthy, Yellow Transparent.

Price: 2 yr. trees, No. 1, 5 to 6 ft., \$1.00 each; 5 or more at 85c each. Medium size, 4 to 5 ft., 80c each; 5 or more 60c each.

APPLE (Dwarfs). Limited numbers only: Delicious, McIntosh, Wealthy, Yellow Transparent.

Price: Nice trees, 3 ft. or better, well branched, at \$1.00 each.

CHERRY. Black Tartarian, Napoleon, Windsor (Sweets).

Price: No. 1 trees, 4 to 5 ft., \$1.00 each; 5 or more at 85c each.

CHERRY. Early Richmond, Montmorency (Sour).

Price: No. 1 trees, 5 to 6 ft., 75c each; 5 or more at 60c each.

PLUMS. Burbank, early red; Monarch, big blue; Reine Claude, rich greenish yellow; Yellow Egg, yellow; Fellsburg Prune.

Price: 2 yr., No. 1 trees, 5 to 6 ft., \$1.00 each; 5 or more at 85c each.

PEAR (Standards). Bartlett, well known and largely planted; Clapps Favorite, large home and market variety; Seckel, the luscious, small pickling variety.

Price: 2 yr., No. 1 trees, 5 to 6 ft., \$1.00 each; 5 or more at 85c each.

PEAR (Dwarf). Bartlett, Clapps Favorite, Duchess, large, late fall, Seckel.

Price: 2 yr., No. 1 trees, 3 to 4 ft., well branched, \$1.00 each; 5 or more at 75c each.

QUINCE ORANGE.

Price: No. 1 trees, 3 to 4 ft., \$1.00 each.

PEACH. Champion. Late white flesh. Greensboro. Early white flesh. Early Crawford. The old favorite yellow. Elberta. The profitable commercial variety. Golden Jubilee. New yellow. J. H. Hale. The extra large yellow. Rochester. The best early yellow variety for home garden and for commercial planting. Every planter should include this variety when planting and if planting only one tree plant the Rochester.

Price: (selected trees) well branched, No. 1, 4 to 5 ft. or better, 75c each; 5 or more at 65c each; 3 to 4 ft., at 60c each; 5 or more at 50c each; 2 to 3 ft. trees, 40c each; 5 or more at 35c each.

(See page 29 for smaller peach trees; for Parcel Post prepaid shipment.)

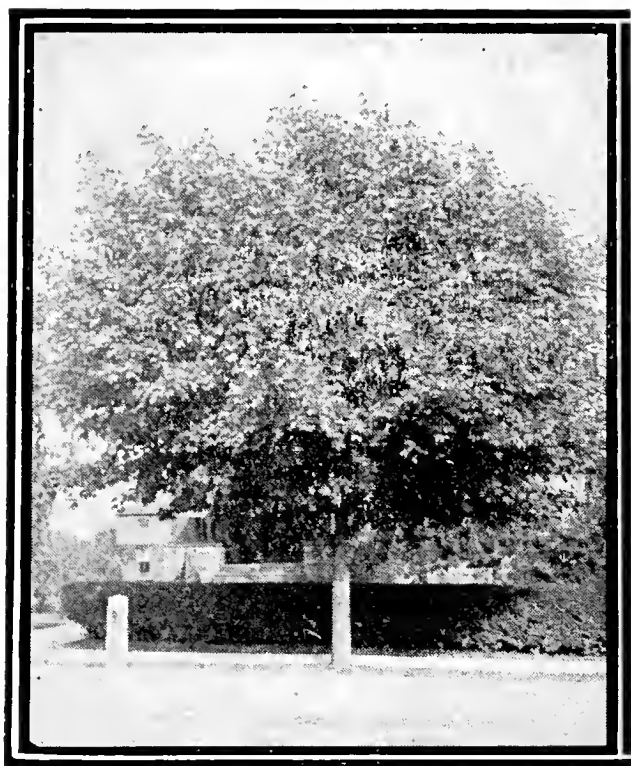

April 15, 1935.

Greens Nursery Co.:

Received grapes and bushes Saturday, April 13th. Thanks for prompt delivery, they were very nice. We have bought trees, shrubs and bushes from your firm over 40 years ago when we first built our house, and were always well pleased. If we need anything in the future we will get them of Green's.

(Signed) F. C. Y.,
Meriden, Conn.

DON'T OVERLOOK the free gift of 25 gladiolus bulbs with \$2.50 and up orders.

Norway Maple

SHADE AND LAWN TREES

CATALPA (Umbrella Tree). Well known. Price: 6 ft., \$1.00 each; 2 for \$1.80.

MOUNTAIN ASH. White blossoms, red berries. Price: 6 to 8 ft., \$1.50 each.

MULBERRY (Teas Weeping). Price: 5 to 6 ft., \$1.25 each.

PRUNUS PISSARDI. Our favorite on account of its beautiful foliage. Ten of these trees could be bought at the price of one Japan Red Leaf Maple or Purple Beech and the foliage just as pleasing. Price: 4 to 5 ft., 75c each.

PRUNUS TRILOBA. Early spring. Pink flowering. If once seen in bloom sure to be selected for the lawn. Price: 3 to 4 ft., 60c each.

THORN, PAUL'S SCARLET. Deep crimson flowering. The king of the flowering thorns. Price: 3 to 4 ft., \$1.25 each.

AMERICAN ELM. Well known and desirable for home or street. Price: 6-8 ft., 60c each; 8-10 ft., 85c each.

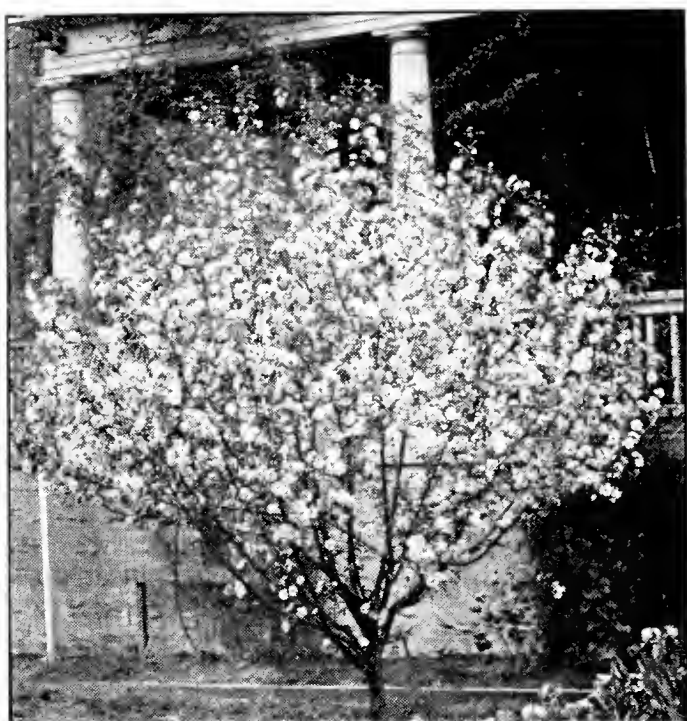

CHINESE ELM. A new variety being planted extensively for home grounds, streets, parks, etc. Highly recommended by the Dept. at Washington. Price: 6 to 7 ft., \$1.00 each; 8 to 10 ft., \$1.50 each.

NORWAY MAPLE. The favorite dooryard and street tree. Price: 6-8 ft., \$1.25; 8-10 ft., \$1.75 each; 10-12 ft., \$2.50 each.

ROCK OR SUGAR MAPLE. Price: 6-8 ft., \$1.00 each; 8-10 ft., \$1.25 each.

SILVER MAPLE. Another well-known favorite. Price: 6-8 ft., 60c each; 8-10 ft., 85c each; 10-12 ft., \$1.50 each.

WILLOW (Babylon Weeping). A much wanted tree. Price: 6 ft., \$1.20 each.

Bechtels Crab in Bloom

BECHTELS CRAB. A delightful small pink flowering tree. A favorite of the favorites. No lawn is complete without it. If you have room for four lawn trees plant one each of Bechtels Crab, *Prunus Triloba*, *Prunus Pissardi* and Paul's Scarlet Thorn. Price: 4 to 5 ft., 75c each.

CHERRY (Japan Pink Flowering). A glorious early spring flowering tree of dwarfish growth. Price: \$1.00 each for flowering age 2 to 3 ft.

DOGWOOD (*Cornus Florida*, White Flowering). The flowers appear in spring before the leaves show and it is a very attractive tree for lawn or any other part of the grounds. Price: 75c each for 2 to 3 ft.

DOGWOOD (*Cornus Rubra*, Pink Flowering). Possibly the most sought after lawn tree. In the fall the foliage is also very striking. Price: \$1.25 each for 2 to 3 ft.

HYDRANGEA (Tree Shape). That favorite fall blooming tree. Immense panicles of blooms, white turning to pink. Price: 3 to 4 ft., 60c each.

MAGNOLIA (*Soulangeana*). Needs no description, a flowering tree of this Magnolia has often sold a home at a big profit. Price: \$2.50 each for 2 to 3 ft. trees.

PEACH (Double Flowering). In Pink, Red or White blooms. Blooms in May. Every twig becomes covered with perfectly formed double blossoms. Price: 60c each for 2 to 3 ft. trees ready to bloom.
(Supply of above limited orders should be sent early.)

VERY SPECIAL low prices will be quoted on request for American Elm, Norway, Rock and Silver Maples for 5 or more trees of any height or size desired. We have several thousand trees to offer. We have a big block of Elms and Maples that are larger than those offered above. Special low prices will be quoted, on request, for one to one hundred trees.

THE BEAUTIFUL FLOWERING SHRUBS

All Blooming Size Ready for Immediate Effects

Considerable space is devoted to this most desirable and much planted class of nursery production.

Green's shrubs have been very carefully selected and include the most beautiful and hardy varieties of new introductions and the lovely old ones we just can't do without.

ALMOND (Pink Flowering). The well-known much loved shrub. Beautiful double pink, rose-like flowers, early in spring before leaves appear. **Price: 2½ to 3 ft., 50c each.**

ALTHEA (Rose of Sharon). Beautiful double flowers from August until frost. Hardy, erect, compact. Grows 8 to 10 ft. high. We offer only double-flowered sorts in Pink, Purple, Red, White, Rose with darker center. Order by color. **Price: 2½ to 3 ft., 35c each.**

BARBERRY (Red Leaved). Foliage a reddish bronze in spring, turning to a brilliant red as the heat of summer intensifies its color. An exceedingly attractive shrub for mass plantings where contrasting colors are wanted. **Price: 12-15 in., 25c each; 3 for 65c; 10 for \$2.00. 1½ to 2 ft., 35c each; 3 for 90c; 10 for \$2.75.**

BARBERRY (Dwarf). In big demand for hedges and for group planting. Covered with red berries in fall and winter. Foliage orange and scarlet in late fall. **Price: 2 to 3 ft., 25c each.** See page 19 for prices of sizes for hedges.

BUTTERFLY BUSH. A very attractive and unusual perennial shrub. Its lavender flowers are very sweet-scented 6 to 10 in. long, resembling lilacs. Blooms from July until frost. **Price: Strong 2-year plants, 35c each.**

DEUTZIA (Pride of Rochester). Double white. **Price: 35c each.**

DEUTZIA (Crenata Rosea). Pink flowers. **Price: 35c each.**

DEUTZIA (Deutzia Gracilis). A dwarf, dense-growing shrub, with single, white, bell-shaped flowers in May. Excellent for shrub borders in front of taller kinds. **Price: 1½ to 2 ft., 35c each.**

Butterfly Bush Blooms

DOGWOOD (Coral). Striking, bright coral red branches, very ornamental, especially for winter effects. Yellowish white flowers in spring, white berries in winter. Price: 2½ to 3 ft., 35c each.

DOGWOOD (Goldtwig). A broad bush about 4 feet high, with strikingly conspicuous yellow bark. Very attractive. Price: 2½ to 3 ft., 35c each.

FORSYTHIA (Golden Bell). This beautiful old favorite is loved by all. One of the first shrubs to bloom in the spring, with bright yellow, bell-shaped flowers in April before the leaves appear. Price: 2½ to 3 ft., 30c each; 3½ to 4 ft., 35c each.

RED HONEYSUCKLE (Lonicera Tartarica Rubra). The favorite, old-fashioned shrub, covered with pink flowers in spring, immediately followed by scarlet berries that last through the fall. Grows more rapidly than any other shrub. Fine for screening out undesirable views, reaching an ultimate height of 8 to 10 ft. very rapidly. Price: 2½ to 3 ft., 35c each; 3½ to 4 ft., 50c each.

WHITE HONEYSUCKLE (Lonicera Tatarica Alba). Same as Pink Honeysuckle except its flowers are white. Combine both in your planting. Price: 2½ to 3 ft., 35c each; 3½ to 4 ft., 50c each.

HYDRANGEA ARBORESCENS (Hills of Snow). Magnificent clusters of snow-white flowers from July through September. Grows naturally into a round, compact bush 4 to 5 ft. high. Makes a fine hedge and grows well in shady places. Price: 2½ to 3 ft., 35c each.

HYDRANGEA PANICULATA GRANDIFLORA (Bush Form). Immense clusters of greenish-white flowers changing to white and later to delicate pink. Blooms in August and September. Price: 2 to 3 ft., 35c each.

JAPAN QUINCE. Another old favorite. Fine for specimen or border planting. Completely covered with dazzling scarlet flowers in May. Price: 2½ to 3 ft., 40c each.

KERRIA (Double Flowering). Produces an abundance of double flowers, rich yellow resembling half-opened rose buds. Its branches are of beautiful pea-green color. Price: 50c each.

Snowball

MOCK ORANGE (*Virginialis*). Exceeds all other Mock Orange in beauty and form; unusually large, double white flowers, often $1\frac{1}{2}$ in. across, in clusters of five to seven in a group. Price: $2\frac{1}{2}$ to 3 ft., 35c each.

GOLDEN (of Dwarfish Growth). Yellow foliage in summer, white flowers in May and June, very desirable. Good as a single bush or for grouping. Price: 40c each.

FRAGRANT MOCK ORANGE (*Philadelphus Coronarius*). A well-known shrub, with clusters of pure white, very fragrant flowers in June. Price: $2\frac{1}{2}$ to 3 ft., 35c each.

SNOWBALL. A favorite shrub, with globular clusters of white flowers the latter part of May. Price: 35c each.

SNOWBERRY. A slender, medium-growing shrub, which does well in any soil and will flourish under trees and in dense shaded places. Clusters of attractive, milk-white berries which last until late in winter. Price: $2\frac{1}{2}$ to 3 ft., 35c each.

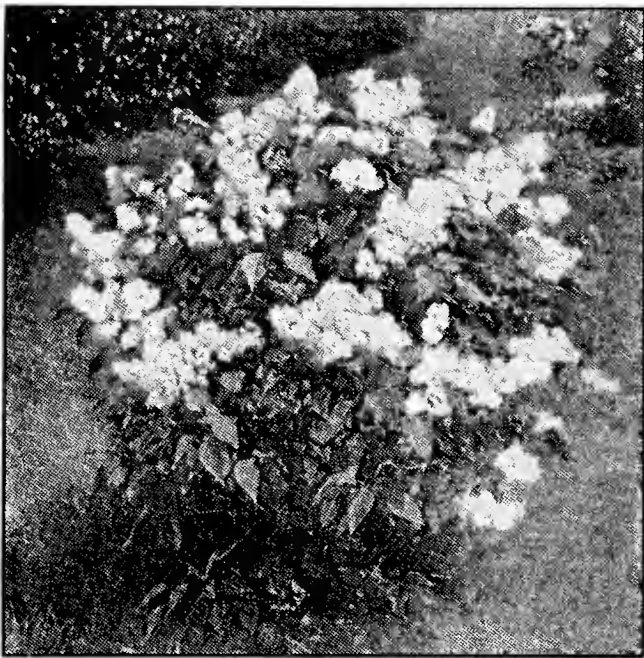

WINGED BURNING BUSH (*Euonymus Alatus*). A beautiful shrub, with corky winged branches; a fine shrub for solitary plantings, as well as for massing, the rich red and crimson of its leaves being very showy, and red berries add to its attractiveness. If we could plant only one shrub it would be this rightly named (Winged Burning Bush). Price: $1\frac{1}{2}$ to 2 ft. bushes, 50c each; 2 to 3 ft., 75c each.

PINK WEIGELA (*Weigela Rosea*). Deep pink flowers in great profusion in June. A universal favorite and a strong grower. Price: $2\frac{1}{2}$ to 3 ft., 30c each.

EVA RATHKE WEIGELA. A fine dark red variety of dwarf habit. Blooms profusely in June and intermittently all summer. Price: $2\frac{1}{2}$ to 3 ft., 35c each.

SPECIAL: All shrubs listed at 35c each; 10 for \$3.00.

From time to time during the past years I have received trees and plants, bulbs, etc., from the E. H. BURSON NURSERY and have always been well pleased, and so satisfied that I placed several orders with Mr. Burson the past fall for my extensive grounds.
Harriet B. Dow (Mrs. F. F. D.)

French Lilac

LILACS

French Varieties (Double and Single Flowering) SPECIMEN BUSHES READY TO BLOOM THIS COMING SPRING

Do not confuse these with the smaller plants as offered
by parcel post on page 28.

CHARLES JOLY. Double purplish red. Tall grower.

MME. CASIMIR PERIER. Double white. Dwarf stocky growth.

MME. LEMOINE. Double white. Dwarf; branches well.

MARIE LE GRAYE. Single white. Dwarf, low branched, stocky.

MICHEL BUCHNER. Double lavender.

PREST, GREVY. Double red. Good foliage.

LILAC (Ludwig Spaeth). Double large trusses of dark purplish blue, single flowers.

LILAC (President Grevy). Large, full clusters of double, pale wistaria violet flowers. Prices of all above French Lilac: Heavy 2 to 3 ft., ready to bloom, 75c each; 3 for \$2.00.

UNNAMED FRENCH LILACS (Green's Selection in Assorted Colors). Very heavy bushes, 4 to 5 ft. Price: \$1.00 each.

LILAC (Vulgaris). Common Purple Lilac. Probably the best known of any of the lilacs. Price: 2 to 3 ft., 40c each.

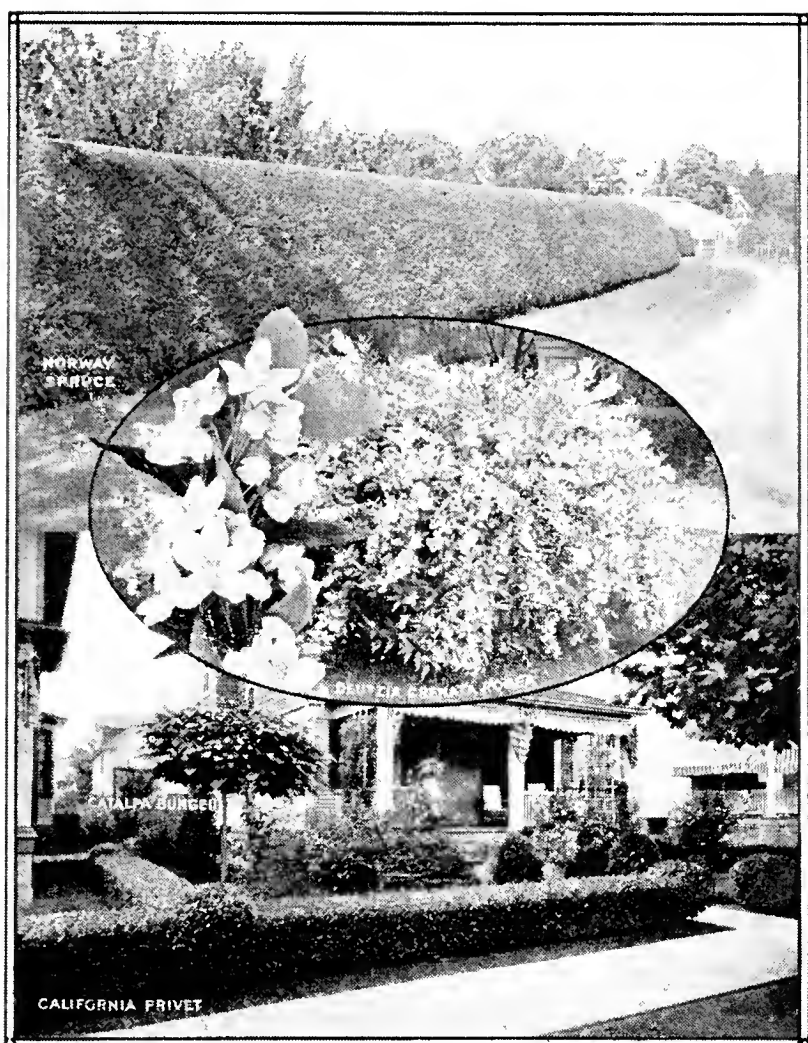

E. H. Burson Nursery,
Clifton, N. Y.
Gentlemen:

July 15, 1935.

I appreciate the honest, efficient and personal service you have given me.

The considerable order I placed with you for Evergreens, Shrubs and Fruit Trees was delivered in good season, and in first class condition. Every tree and plant was a specimen, and all are growing. When I need more stock for my extensive grounds, I shall be glad to take the matter up with you as to variety, prices, etc.

Yours truly,
(Signed) John M. Hanford,
Scottsville, N. Y.

THE SPIRAEAS

SPIRAEA (Anthony Waterer). A dwarf variety, growing 2 to 3 ft. high, branches of which terminate with beautiful, deep rose flowers that are fine for bouquets. Price: 35c each.

THUNBERG'S. A very early flowering, graceful bush. The thread-like branches bear innumerable small white flowers and tiny leaves. Foliage changes in autumn to bright red and orange. Price: 2½ to 3 ft., 35c each.

VAN HOUTTE. Better known and more largely planted than any other shrub. An extremely graceful shrub, with long, drooping branches completely covered with flat clusters of white flowers in May and June. When in blossom, a hedge of Spiraea Van Houtte is a sight long to be remembered. Price: Special low price—2½ to 3 ft., 30c; 10 for \$2.50; 3½ to 4 ft., 40c each; 10 for \$3.50.

BRIDAL WREATH. Flowers white and double like little roses, borne in great profusion the whole length of the branches; foliage, scarlet in autumn. Price: 2½ to 3 ft., 40c each.

Dear Sir:

Oct. 15, 1935.

I thought you would be interested to know that I am very much pleased with the trees I bought from you last spring. I measured the new growth since last spring, and this is how much they grew this summer—the Apricot 53 inches, the sweet Cherry 32 inches, the Plum 58 inches, the Peach 36 inches, and the Sour Cherry, which I did not trim back, 9 inches.

Respectfully,
L. R. G., Pa.

EVERBLOOMING ROSES—POLYANTHA

Disappointed We realize that some folks have been disappointed in that they expected that the so-called Everblooming Roses, although blooming well in the early summer, failed to meet their expectations throughout the season. This failure may have been caused by lack of moisture, poor condition of soil, etc.

We suggest that you procure and plant the Polyantha class Dwarf Baby Roses. These are not baby in size of bush, but are No. 1, heavy plants, and from early summer until severe frosty weather sets in, will delight you with large clusters of showy blooms. Plant in as single specimens, in beds, or in hedge rows, and your garden, lawn or driveway will be the envy of your neighbors.

Desirable Varieties of Polyantha Roses

GOLDEN SALMON. Red Salmon overlaid with orange and gold, a beauty.

CRIMSON BABY. Deep crimson, long lived.

WHITE BABY. Pure white, double flowers.

Price: for No. 1, 2 yr., 50c each; 3 for \$1.40; 10 for \$4.00.

HARDY BEDDING ROSES

Heavy 2 year field grown, ready for producing soon after setting. Gorgeous blooms, do not confuse these with the smaller roses as offered in the Special Planters' Collection on page 24.

Varieties Offered

BETTY UPRICHARD. A charming carmen with coppery orange.

COLUMBIA. Beautiful deep enduring pink.

FRAU KARL DRUSKI. Snow Queen.

ETOILE de HOLLANDE. Free blooming, brilliant crimson red.

LOS ANGELES. Flame pink and found in every Rose collection.

MRS. AARON WARD. Deep golden orange.

RADANCE PINK. Very hardy, vigorous deep pink.

RADIANCE RED. A favorite crimson red.

SOUVENIR de CLAUDIUS PERNET. Large flowered, unfading yellow.

TALISMAN. The gorgeous, much planted, gold apricot yellow and old rose, a beauty.

Price: 60c each, any 3, \$1.50; any 6, \$2.75.

NIGRETTE—The Sensation in Roses

THE BLACK ROSE OF SANGERHAUSEN. A new rose, unlike any other. It is the darkest of roses. A continuous bloomer. Price: \$2.00 each postpaid.

We have other new creations in roses, but the NIGRETTE is the leader on account of its unusual color. Rose lovers have been waiting for a black rose for many years.

CLIMBING (RAMBLER) ROSES

AMERICAN PILLAR. A superb single flowering strong grower, brilliant carmine with creamy center, yellow stamens.

AMERICAN BEAUTY. The good favorite, big red.

CRIMSON RAMBLER. That much loved crimson.

PAUL'S SCARLET. The vivid scarlet.

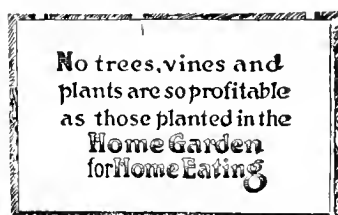

DOROTHY PERKINS. The ideal pink.

PRIMROSE. A true hardy yellow.

TAUSCENDSHON. Considered by many the peer of ramblers, creamy white to soft pink blooms.

WHITE DOROTHY. Clusters of pure white.

Price: for heavy 2 year, field grown, 40c each; any 3, \$1.00; any 6, \$1.80.

CLIMBING VINES

We received hundreds of letters asking our advice as to suitable vines for planting for porches, arbors, etc. We heartily recommend Silver Lace, Clematis Paniculata or Grafted Wisteria.

AMPELOPSIS (Boston Ivy). Clings to walls without support. Leaves in rich colors in the Fall. Price: 35c each, 3 for \$1.00.

BITTER SWEET. Rich orange colored berries in the Fall. Price: 40c each, 3 for \$1.10.

CLEMATIS PANICULATA. Rampant grower. White fragrant flowers in the Fall. Price: Strong 2 year vines, 35c each, 3 for \$1.00.

CLEMATIS JACKMANNI. The large purple flowered variety. Price: 75c each, 3 for \$1.85 postpaid.

WISTARIA (Grafted). Purple flowers in June. Grafted plants. Price: 2 year vines, 50c each, 2 for 90c.

SILVER LACE VINE. The fastest growing vine; foliage perfectly clean, never bothered by insects or other pests. In Fall a sea of foam-like white flowers. Price: 50c each, postpaid.

Dear Mr. Burson:

Our order of 1,000 Columbian Raspberry plants came in fine condition. Plants very stocky and nice and you sent us two Premiums. We thank you very much for same, also for care used in packing.

Yours truly,
(Signed) Mrs. Jacob G. Hoffer,
_____, N. Y.

EVERGREENS

Evergreens are contributors of continuous beauty and because of this are essential in every plan of home planting. Green the year 'round, they are refreshingly cool in summer, and lend color and warmth to the bleak landscape in winter. The beautiful shape and deep color of these shrubs is a joyous sight in the winter months when all other growing things are stripped of their foliage. The specimens should be balled and burlapped when received from the grower and set carefully as received. Do not remove the burlap.

The hole should be thoroughly soaked, as well as the ball of earth, and the soil tramped very firm.

(Specific planting directions will be sent with all shipments.)

AMERICAN ARBOR VITAE. Particularly good for screens, hedges, etc., and suitable for individual specimen planting. Price: 3-4 ft. \$1.00; 4-5 ft., \$1.50; 5-6 ft., \$2.50 each.

GLOBE ARBOR VITAE. A splendid dwarf, globe shaped. Price: 12-15 in. spread, 75c each; 18-24 in., \$1.00 each.

PYRAMIDAL ARBOR VITAE. In bigger demand than any other Evergreen. The universal favorite spiral form growing evergreen for lawn and foundation planting. Price: 18-24 in., \$1.00 each; 2-3 ft., \$1.50 each; 3-4 ft., \$2.00 each. Ask for prices if taller specimens are wanted.

SIBERIAN ARBOR VITAE. A superb hardy variety, somewhat similar to American, with heavier and fuller foliage and more compact habit; bears trimming well. Price: 2 to 3 ft., \$1.25 each.

JUNIPER (Pfitzers). Of dwarfish spreading form that is in big demand. Price: 15-18 in. spread, \$1.50; 18-24 in., \$2.00.

PINE (Austrian). A universal favorite where eventually a large tree is wanted. Broadbased, heavily needled, massive; darkest and richest green of the Pines. Price: 18-24 in., \$1.00 each; 2 to 3 ft., \$1.25 each.

PINE (Mugho Dwarf). Nothing better where an evergreen of dwarf habit of growth is wanted. Price: 18-24 in. spread, \$1.50; 2-3 ft., \$2.50; 3-4 ft., \$3.50 each.

SPRUCE. Colorado Blue (Shiners). The peer of Evergreens. Price: 2 to 3 ft., \$2.50 each; 3 to 4 ft., \$3.50 each; 4 to 5 ft., \$4.50 each.

SPRUCE. Black Hills. An extremely hardy, compact growing variety; color of foliage, decidedly blue. Price: 2 to 3 ft., \$1.25 each; 3 to 4 ft., \$1.50 each.

See page 24 for an amazing offer.

Norway Spruce

SPRUCE. Norway. The well-known favorite. Used as specimens and for screens. Price: 2 to 3 ft. \$1.00 each; 3 to 4 ft., \$1.25 each.

All Evergreens balled and burlapped for shipment.

OTHER EVERGREENS. Ask for prices showing varieties wanted, as we have others at a price that will appeal to you.

LOWER PRICES when four or more are wanted.

DESIRABLE HEDGING PLANTS

Hedge plants may be set from 8 to 12 inches apart in single rows or in case a quicker, denser growth is required in double rows the rows about 14 inches apart and the plants 12 inches. When planting double rows the smaller sizes may be used.

BARBERRY (Dwarf Thunberg). A favorite wherever tall hedges are not needed. Very hardy. Foliage turns to red and orange in later summer and branches are covered with red berries in late fall and winter. Note these are offered in several heights—all are No. 1 plants of their grades offered. Price: 12 to 15 in., 10 for \$1.25; 50 or more at 8c each; 15 to 18 in., 10 for \$1.50; 50 or more at 10c each; 18 to 24 in., 10 for \$1.75; 50 or more at 12c each.

For specimen plants 2 to 3 feet see Flowering Shrub pages.

PRIVET (Amoor River). Hardy North. Hardier than California and being largely planted. Price: 18 to 24 in., 10 for 75c; 50 or more at 7c each; 2 to 3 ft., 10 for \$1.00; 50 or more at 9c each.

300 OR MORE of these as offered above at less price. Ask for special prices on your needs.

PRIVET (California). Well known, holds foliage until severe winter weather sets in. Price: 18 to 24 in., 10 for 60c; 50 or more at 5c each; 2 to 3 ft., 10 for 75c; 50 or more at 6c.

Something New

TRUEHEDGE COLUMNBERRY. A sensational new form of Barberry that is taking the country by storm. Perfectly hard, pyramidal in growth, drouth resisting perfect hedge plant.

Price: 12-15 in., 50c each; 10 for \$4.00; 50 or more at 35c each.

It is reported that a sale of 125,000 plants of this wonderful plant was made in eight weeks following the sample introduction and display of the National Nurseryman Convention last July.

You Will Want

One or more of the Collection as shown on pages 22 and 23. The like may never be offered again.

CHRYSANTHEMUMS

Price: Strong field grown plants, 25c each, 3 for 60c, postpaid.

Hardy Garden Varieties

BRONZE BUTTON. Very hardy, late flowering.

BUTTON YELLOW. True button Yellow.

GLORY OF SEVEN OAKS. Deep Golden Yellow.

R. MARIE ANTOINETTE. Pompom type, Bright Yellow.

NORMANDIE. Creamy White.

OCTOBER GIRL. Clear rose Pink.

RUTH CUMMINGS. Rich Reddish Bronze, a beauty.

PERENNIAL PHLOX

Price: 25c each, 3 for 60c, postpaid.

We offer only strong, ready-to-bloom field-grown plants. This perennial plant is one of the oldest types in gardens. It is now close to first place in popularity for long period, mass flowering, easy culture, and extreme hardiness. Admirably suited to rockeries and background work. Blooming period July to October. We offer here a limited list of good varieties but can supply others if needed.

B. COMPLETE. French Purple.

ENCHANTRESS. Salmon pink with red eye.

FIREBRAND. Orange scarlet.

JULES SANDEAN. Dwarf Lilac Pink.

MRS. JENKINS. Large pure white.

RYNDSTROM. Rose pink.

R. P. STRUTHERS. Rosy carmine with claret eye.

SMILES. Brilliant lavender with carmine eye on Hockburg—Brilliant red.

PAEONIES

We offer only strong 3 to 5 eye plants that, if planted early in good soil, should bloom with the coming season.

Price: 50c each, 10 for \$4.00.

EDULIS SUPERBA. Soft pink. Early.

FELIX CROUSSE. Brilliant, flaming red.

FESTIVA MAXIMA. The ideal white.

KARL ROSENFELD. Dark crimson, a very striking variety. Midseason.

UNNAMED. Pink, red, white.

Price: 25c each, 10 for \$2.00, postpaid.

DAHLIAS

Buyers' Selection of strong flowering size bulbs in the Cactus and Decorative types of bloom. Colors: Crimson, Lavender, Pink Red, Rose, White and Yellow.

Price: 25c each.

Nov. 21, 1935.

Gentlemen:

Most of our 350 apple trees in past 35 years have come from you and are all fine. Thanking you for past excellent service and courtesy.

Sincerely,

Rev. W. D., N. Hamp.

(For those who order early)

GLAD—GLADIOLUS

OUR GIFT TO YOU

We are glad, you are glad we expect in that we have thousands of bulbs of this beautiful flower and that it is our intention to send you **FREE OF ALL CHARGES:** 25 Splendid bulbs (in mixed colors) on condition that your orders amount to \$2.50 or more and reach us by Apr. 15th. Plant the bulbs in April, if early flowers are wanted; if late blooms are wanted, plant in May. Plant 4 inches deep, 2-3 inches apart, rows 12-15 inches apart.

SPECIAL

In addition to above splendid mixture, we have a select grade of gladiolus bulbs by name and color as described below:

Cardinal Prince—a splendid red.

Dr. J. H. Neeley—White with a slight tinge of pink.

Mrs. Francis King—a glorious scarlet.

Schwaben—one we like very much, sulphur yellow.

Sentinel—a favorite, one of the best, salmon pink.

Price of these Named Varieties—extra large bulbs: 6 for 30c, 12 for 50c, 50 for \$1.25, 100 for \$2.50, sent postpaid.

Buyers' selection postpaid, or will be packed, free, securely in with other stock ordered by express or freight. We have no small sized bulbs to offer, but could supply other varieties in large No. 1 grade.

Dear Sir:

I was more than pleased with the Grape and Gooseberry bushes received recently, they were fine.

Very truly yours,

(Signed) C. M. K.

Clinton, N. Y.

No. 8. 8 New Hardy Rock Garden Plants, 1 each of 8 varieties.

No. 9. 6 Butterfly Bushes, 2 each of 3 new varieties including Ile de France.

NOTE Special Prices when 2 or 3 Collections are ordered. All postpaid.

Watch Them Grow

These Collections are guaranteed to please those who like to see plants and bulbs grow and develop. One patron writes "I do not want heavy bushes as I delight in seeing them grow and develop into sturdy blooming specimens."

TESTIMONIAL

(UNSOLICITED)

E. H. Burson Nurseries,
Rochester, N. Y.

Dear Sirs:

I ordered of you this last spring a quantity of Columbian Raspberry, 2 year transplants, also Washington Asparagus roots. The order was filled very promptly. Never have I seen such lusty plants as were the 2 year old ones you sent.

(Signed) Herbert W. Mitchell,
_____, Mass.

PERENNIALS

Price of perennials strong field-grown plants (except where otherwise priced). Price: 25c each; 3 for 60c, postpaid.

ANEMONE (Windflower). They succeed best in light, rich, well-drained loam. Plant in early October, or as soon as the ground can be worked in the spring. If planted in the autumn they should be covered with leaves, straw or long manure on the approach of winter.

DAISIES ENGLISH. Double flowering in mixed colors from deep Crimson to Rose and White.

GAILLARDIA (Blanket Flower). Gaillardias are fine for bedding and borders, invaluable as a cut flower. Blooms all summer.

GYPSOPHILA (Liatris—Blazing Star or Gay-Feather). It blooms in midsummer and throws up long, narrow spikes of rich purple flowers, 4 ft. high, which last a long time.

BLEEDING HEART OR SEAL FLOWER (Spectabilis). Its long racemes of graceful heart-shaped pink flowers are always attractive. Is perfectly at home in any part of the hardy border and especially valuable for planting in the shade. Price: 40c each.

CAMPANULA (Bell-flower). A large, beautiful and most important family for the flower garden. The dwarf species are charming for rock gardens, being not difficult to cultivate.

CHINESE LANTERN PLANT (Physalis). Produces freely its bright orange-scarlet lantern-like fruits, which can be cut and dried, in which shape they are used extensively for floral decoration during winter.

AQUILEGIA (Columbine). The Columbine is one of the most beautiful hardy perennials, producing graceful spurred flowers on 2-foot stems.

COREOPSIS (Tickseed). One of the most popular hardy plants. The flowers are a rich golden yellow of a beautiful graceful form.

DELPHINIUM (Perennial Larkspur). There are many species in cultivation, but the most important are the tall hybrids, of which there are many varieties with a wonderful range of color.

DAISY (Shasta) (Alaska). 2 feet. Wonderful show of large white flowers. Fine for cutting. Blooms all summer.

FOXGLOVE (Digitalis). Giant Shirley Hybrids. The flower heads are over 2 ft. long, crowded with big, bell-shaped blossoms. Color range from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate.

GYPSOPHILLA (Baby's Breath). Fine for cutting and drying for winter bouquets.

HEUCHERA SANGUINEA. (Coral Bells). Much prized for dainty blossoms and long blooming habit. Coral pink flowers.

LYCHNIS—CAMPION OR. CATCHFLY (Alpina). Dwarf, rose-pink. A charming little plant for the rock garden about 4 in. high.

PHYSOSTEGIA (False Dragon Head) (Grandiflora "Vivid"). One of the best of the late-blooming perennials. Vivid pink, 20 in. Aug.-Sept. This is a plant that you must have surely. Do not overlook it. We think it is the best of all late bloomers.

PRIMROSES. The lovely pastel colors range from cream to many shades of yellow, orange, purple, lilac, pink and crimson. They are very hardy and prefer a half-shaded position that is fairly moist.

PRIMROSE. The true old English Primrose with pale yellow flowers.

PRIMROSE OR OXSLIP. Large clusters of deep yellow blooms on strong stems like the English cowslip but much larger.

PYRETHRUM (Painted Daisy). These are of great value for cut flower purposes, lasting in water longer than any flower we know, are perfectly hardy, delighting in a cool moist soil.

RED HOT POKER (Tritoma). The old-fashioned, late flowering favorite, with flowers rich red changing to salmon-pink. Needs slight protection.

SCABIOSA (Blue Bonnet). Their lovely flowers are a soft and charming shade of lavender; commences to bloom in June, throwing stems 18 to 24 in. high until September.

VERONICA (Speedwell). Among the prettiest of herbaceous plants, bearing in most cases blue flowers, which are much needed. All summer.

VIOLA CORNUTA—TUFTED PANSIES. This is the best edging plant for the hardy border or garden, when properly cared for these plants remain in full bloom from May until October.

Gentlemen:

Oct. 28, 1935.

The Gooseberry plants arrived all right, and I am well pleased with them, and anyone I come across that is on the lookout for small fruit trees or bushes, you can depend on me, I sure will recommend them to E. H. Burson Nursery Co.

Yours truly,

N. D., N. J.

Dear Sirs:

Nov. 27, 1935.

The trees and berry bushes came to hand Nov. 15, 1935. Everything very satisfactory, and nicely packed. Thanks for the extra ones.

Respectfully yours,

A. A. D., Pa.

Dear Sirs:

Oct. 29, 1935.

The trees arrived in good shape as to packing, and trees had fine roots.

The pears from my Seckles are very much larger than those I find in the markets here, also the Clapp's were very large this year.

W. H. B. J., Nebr.

GREEN'S GRAFTING WAX

In convenient half-pound packages.

Price 75c per half pound, \$1.25 per pound postpaid.

LOMA

That good plant food, best fertilizer for all types of plants inside and outside.

Price: Pound packages 25c postpaid, 5 lb. cartons by express collect \$1.00.

TREES AND PLANTS BY PARCEL POST

(All postpaid by us)

OUR PARCEL POST DEPARTMENT

Our Parcel Post Department is one of the main features of our business. Thousands of orders are received and packed and shipped out at the right time by experienced packers. Every package is guaranteed to reach the buyer in first class condition. Nothing but strong sturdy trees and plants are used in filling orders.

On account of the scarcity of fruit trees, the list offered of these is somewhat limited, but, in small fruits, flowering shrubs, vines, etc., we have an unusually good supply. In the leading good shrubs, we are here offering a special grade of strong plants lighter in size than the ones offered by express and freight shipment on pages 11-13, but equally as good as regards branch and root system and generally these should flower the first year planted. The raspberries, blackberries, currants, gooseberries, grapes, flowering vines, perennials, and bulbs will all come from our regular first size stock. See earlier pages for descriptions—note **FREE GIFTS** with Special Orders.

Raspberries and Blackberries, in variety, see page 3 for description and price.

Strawberries, in variety, see pages 4-5 for description and price.

Currants and Gooseberries, in variety, see page 5 for description and price.

Grape Vines, in variety, see page 6 for description and price.

Garden Roots, see page 6 for description and price.

FLOWERING SHRUBS

ALTHEA (Rose of Sharon) in colors Rose, Red, White, Purple and White with Red center, size 18 to 24 inches. Price 25c each.

ALMOND (Pink Flowering), size 12-18", Price 35c each.

BARBERRY (Red Leaved), size 12-15", Price 25c each.

BARBERRY (Dwarf Thumbergi), size 12-15", Price 15c each.

BUTTERFLY BUSH, size 18-24", Price 25c each.

DEUTZIA GRACILLIS DWARF, size 6-8", Price 20c each.

FORSYTHIA (Golden Bell), size 18-24", Price 20c each.

HYDRANGEA P. G. GRANDIFLORA, size 18-24", Price 20c each.

HYDRANGEA ABORESCENS (Hills of Snow), size 12-15", Price 20c each.

JAPAN QUINCE, size 12-15", Price 25c each.

VIRGINALIS (Mock Orange) size 18-24", Price 25c each.

SPIREA VAN HOUTEE, size 18-24", Price 20c each.

SPIREA ANTHONY WATERER, size 12-15", Price 25c each.

WEGELIA, Pink and Red, size 18-24", Price 20c each.

WEGELIA, Variegated Leaf, size 12-16", Price 25c each.

Gentlemen:

Aug. 29, 1935.

The Black walnuts which I purchased from you last spring were very nice trees, and were in an unusual condition as far as packing, etc., was concerned. I don't believe that I ever saw trees which had been shipped that were in as good condition.

Very truly yours,

T. H. P., Ill.

LILACS, ROSES, ETC., BY PARCEL POST

FRENCH LILACS

The chance of a lifetime to get these strong, sturdy bushes all on their own roots, 12-18 inches tall, by parcel post prepaid. A BARGAIN indeed.

Varieties

MICHAEL BUCHNER, double lavender.

ALBA GRANDIFLORA, single white.

RUBRA VAN HORSTENSTEIN, purple red.

JEAN MACE, double light blue.

SINENSIS RUBRA, deep Hillsboro red.

RENE JARRY DESLOGES, double blue.

GIRALDI, double deep lavender.

HENRI MARTIN, double light purple.

and several other choice varieties in single and double flowering. Special Reduced Price 35c each, postpaid. Any 3 for 90c.

CLIMBING VINES

AMPELOPSIS V. (Boston Ivy), No. 1 Grade, Price 40c each.

BITTER SWEET, No. 1 Grade, Price 45c each.

CLEMATIS JACKMANNI, purple flower, No. 1 Grade, Price 75c each.

CLEMATIS PANICULATA, white flower, No. 1 Grade, Price 40c each.

SILVER LACE, white flowers, No. 1 Grade, Price 50c each.

WISTARIA, purple flowers (grafted plants), No. 1 Grade, Price 55c each.

ROSES—THE EVERBLOOMING DWARF POLYANTHA CLASS

CRIMSON BABY, Golden Salmon and White Baby, strong bushy 2 yr. field grown, Price 50c each.

ROSES, Hardy Bedding (see page 16 for varieties) 2 yr. strong ready to bloom, Price 60c each.

ROSES, Climbers or Ramblers (see page 17 for varieties) strong 2 yr. selected, Price 40c each.

SPECIAL—Good things by Parcel Post

FLOWERING CRAB, 2-3', Price 50c each.

KERRIA JAPONICA (dbl. flowering), 12-15", Price 50c each.

RHODOTYPUS KERRIOIDES (Jetbead), 12-18", Price 25c each.

JAPAN FLOWERING CHERRY, 2-3', Price \$1.10 each.

PRUNUS TRILOBA, 18-24", Price 50c each.

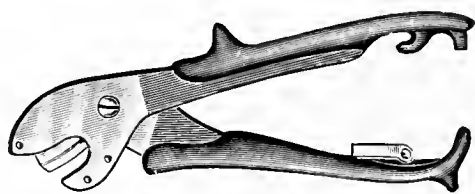

MAGNOLIA SOULANGEANA, 2-3', Price \$2.75 each.

ENONYMOUS ALATUS (Winged Burning bush), 18-24", Price 50c each.

PEACH, double flowering, in colors Pink, Red and White, 2-3', Price 65c each.

THE LEVIN PRUNER

There has always been a heavy demand for this universal favorite Pruner. Can easily be carried, handy for garden and orchard use, will last for years. furnished when and if wanted.

New springs can be furnished when and if wanted. Price \$1.15 postpaid.

FRUIT TREES BY PARCEL POST

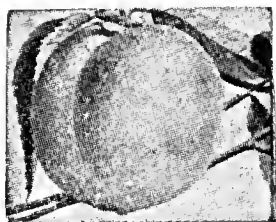

PEACH TREES

(All charges paid by us)

Note— Fruit trees with the exception of Peach are in short supply unfortunately. We advise that you mail your orders the first day possible, and we will reserve for you.

If we are unable to send as ordered we will write you, or better, perhaps, if you name a second choice.

PEACH VARIETIES: Champion (white), Crawford Early (yellow), Elberta (yellow), Golden Jubilee (yellow), Rochester (earliest yellow), South Haven (yellow)—your choice of these excellent standard varieties. Price: 30c each, 5 or more at 25c each. All first class in root and body and 18 in. to 2 ft. in height, extraordinary value.

We Do Not Substitute—Note the Low Price.

For fuller description of peaches see page 8.

APPLE TREES—Strong, 2 to 3 ft. Price: 40c each, 10 for \$3.50.

McIntosh—The leading good, hardy red fall variety that keeps well into winter. The variety that has been planted more extensively than any other. The variety that nurserymen have never been able to produce

enough to fill orders. Especially good as a dessert apple and for cooking. Brings higher prices on the market than any other variety.

Cortland. In big demand. Red winter, quality about as good as McIntosh.

Delicious. Red winter, mild flavor, big cropper.

Rome Beauty. Red winter, long keeper.

Yellow Transparent. The earliest yellow.

PEAR TREES (Standards). Strong, 2 to 3 ft. Price: 40c each; 10 for \$3.50.

Bartlett. The favorite for canning and market.

Clapps. Favorite. Large, good, medium early.

Seckel. The delicious small variety.

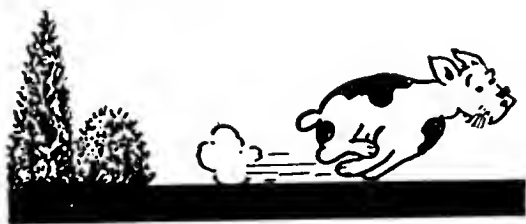

CHERRY TREES. Strong, 3 ft. Price: 50c each, 10 for \$4.50.

Black Tartarian (Sweet). The good early black.

Napoleon (Sweet). Often called Oxheart, yellow with red cheek.

Montmorency (Sour). The best tart variety. Price: 40c each, 10 for \$3.50.

If other fruit trees are wanted by parcel post, please write us, as we have others in rather limited numbers.

"DOGZOFF"

Thousands of choice Evergreens are ruined by dogs every year. "Dogzoff" will keep dogs off. It is a most efficient animal repellant and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. "Dogzoff" is applied with any small insect sprayer and one application usually does the work.

Price for season's supply 69c postpaid.

PLANTING and CARE

of the FRUITS, SHRUBS, SHADE TREES, EVER-GREENS, etc., as Listed in this Catalogue.

During the year we receive hundreds of letters from patrons asking advice as to the planting and care of trees and plants, and so deem it advisable on this page to advise as follows:

First, the plots intended to receive the stock should be well prepared,—just as well as if for any garden or field crop and better than many fields planted to a general farm crop. Wet and soddy locations should be avoided, but generally any average soil that is suitable for a paying farm crop of potatoes, corn, etc., should be all right for a fruit plantation. If the land is in good heart, it will not be positively necessary to fertilize it before planting, but if in poor condition, a heavy dressing of barnyard manure would be beneficial before the land is plowed and fitted,—and, after the planting, an application of nitrate of soda, bonemeal or other commercial fertilizer put directly around each tree and plant is advised. If on hand, unleached wood ashes, or droppings from the hen roosts are available, the planter may use these, and thus save the expense of commercial fertilizer. This top dressing should be worked in around the plants with cultivator or hoe soon after it is applied.

AS TO PLANTING—For Garden Culture. Red and Yellow Raspberries and Blackberries may be planted in rows 5 or 6 ft. apart and the plants 2 to 2½ ft. apart in the row. For field and commercial planting the Red and Yellow varieties, the rows should be fully 6 ft. apart and the plants 3 ft. apart in the row, while the Purple and Black will give better results and be in better shape for cultivation if the rows are 7 ft. apart and the plants 3½ ft. apart in the row.

CURRANTS AND GOOSEBERRIES—Either in rows or in blocks. If in rows, the rows 6 ft. apart and the plants 3-3½ ft. apart in the row or in blocks 4 ft. apart each way. The block method is advantageous in commercial planting, as cultivation can be given lengthwise and crosswise. These are more easily planted than the other small fruits. Care should be taken, however, to see that the plants are set an inch or two deeper than they stood in the nursery row, and the soil packed hard around well-spread roots. A reducing of the previous season's growth of Currants one-half is advised when they are first planted, and every winter or in very early spring thereafter.

GRAPE VINES—For the garden, set in rows 6-8 ft. apart. If planting a vineyard, the rows should be 8 ft. apart and the plants 6-8 ft. apart in the rows. When planting, spread the roots and set the plant deep enough to cover the entire root system and up to the new vine growth, and prune this growth so that only 2 or 3 buds are left—the new growth of vine will start from the buds.

The hoe or cultivator should be used soon after planting and frequently during the growing season when the ground is not wet. This frequent moving of the

**THAT FREE
GIFT**

See page 21 for Special Gift of
Gladiolus Bulbs.

soil around the newly set plants is more particular and often of more importance than fertilizers (unless the soil is very poor). We remember visiting at one time a veteran fruit grower who was on that day harvesting a crop of Blackberries. The crop was large and the berries large. The grower affirmed that the crop was the 36th and that he had never used any commercial fertilizer during that period, using only such manure that he could spare from his barnyard, but that he followed an "intensive cultivation with hoe and cultivator."

When setting Raspberries or Blackberries the planter should (unless the soil is in moist condition, and even then the roots had better be puddled) see that all the roots are wet, the holes or furrows deep enough and wide enough so that the roots can be spread and set in an inch or two lower than their growth will show they stood in the nursery row, and the soil packed firmly on and around the roots. One year tip Purple and Black Raspberry plants should be handled like babies from an incubator and should surely be puddled before planting. The germs, which are plainly discernible, should be set just below the level of the soil if the germ is white, but, if green, then the top of the green shoot should not be entirely covered.

ASPARAGUS—May be planted in rows 3 ft. apart and the plants 12-18 inches apart. It is not necessary, as some think, to dig a deep trench for the plants. We plow or dig a furrow 10 inches deep, set the plants in center, spread the roots, putting the crown of the plant 4 inches below the level of the land, work in fine soil onto roots, firm it thoroughly, being careful not to bruise the crowns, then cover all crowns with 2 inches of soil, thus leaving a hollow of 2 inches to be filled in after the new growth shows an inch or more above the level of the land.

AS TO THE PLANTING OF SHRUBS, SHADE TREES, EVERGREENS, ETC.—The average amateur planter has much to learn. (We say this with all due respect to those who know how.) Many ornamental trees and shrubs do not grow as they should because the holes are not dug deep enough or broad enough or because the roots are cramped and because the soil is not firmed well enough around them. The hole should be at least twice as large as the roots appear to need. Soak the holes with water if land is dry, wet the roots or, better, puddle, and, after setting the specimen in center, gradually fill in the soil and firm it as you fill. Usually the trees and plants should be set 2 or perhaps 3 inches lower in their new location than they stood in the nursery row. This point can easily be determined by the planter.

April 30, 1935.

Mr. E. H. Burson:

I received the nursery stock. The trees were fine and they were wrapped splendid as usual, I certainly appreciate this because some firms that I receive nursery goods from scarcely put on an excuse for a wrapper and the mulch will be running out and roots exposed.

Kindly,

(Signed) G. C.,
Watertown, N. Y.

EVERGREENS come to you (or should) with roots balled in soil and covered with burlap. We advise you not to remove the burlap when transplanting, but merely loosen it at top and spread somewhat. Follow the advice as noted above for other trees and shrubs, but use more water—the drier the soil, the more water.

As to Cutting Back Newly Planted Stock. It is very noticeable that some (may we say many) planters do not cut back trees when first planted, particularly fruit trees. Apples, Pears, Plums and Sweet Cherries should be cut back hard (possibly two-thirds of each branch cut away), while Peaches and Apricots need a more drastic pruning. It is well to cut off all branches on Peaches, leaving only a straight stub of the desired height.

ROSES—The hybrid tea bedding roses are often planted too shallow. Deep planting is advisable. The plant should be set in up to first branches and these branches cut so that not more than 4 inches show above the ground level. Roses give best results in rather heavy, well drained, rich, clayey soil. Winter protection in the north and middle states may be necessary.

Some Planters Are Jokers—Generally speaking, the average fruit grower is a good-natured, quiet business man, not given to joking, but a letter received some time ago seemingly is worthy of notice. The letter, in brief, read: "Green's Nursery Co., Dear Sirs: The order of trees was received yesterday in good condition. I note that you included in the order two or three trees that were not ordered. I thank you for these, but will say that should you see well to take the liberty in further orders to include extra trees, be sure and send along the holes also, as it is very hard digging in my garden. Yours truly."

CHAS. A. GREEN once said that every catalogue builder should plan to list in his new catalogue something new; there was bound to be many who are looking for something new, a variety of fruit that excelled the old standards in some particular way, a shrub, rose or ornamental tree that in point of foliage, season of blooming, or other unusual way was different from the good old ones.

For this reason we are listing in this catalog, in addition to the good, well-known, much-planted items:

The Newburg and Golden Queen Raspberries, while not entirely new, yet are not as well known as some. See page 4.

The Nigrette Rose—a new black rose. See page 16.

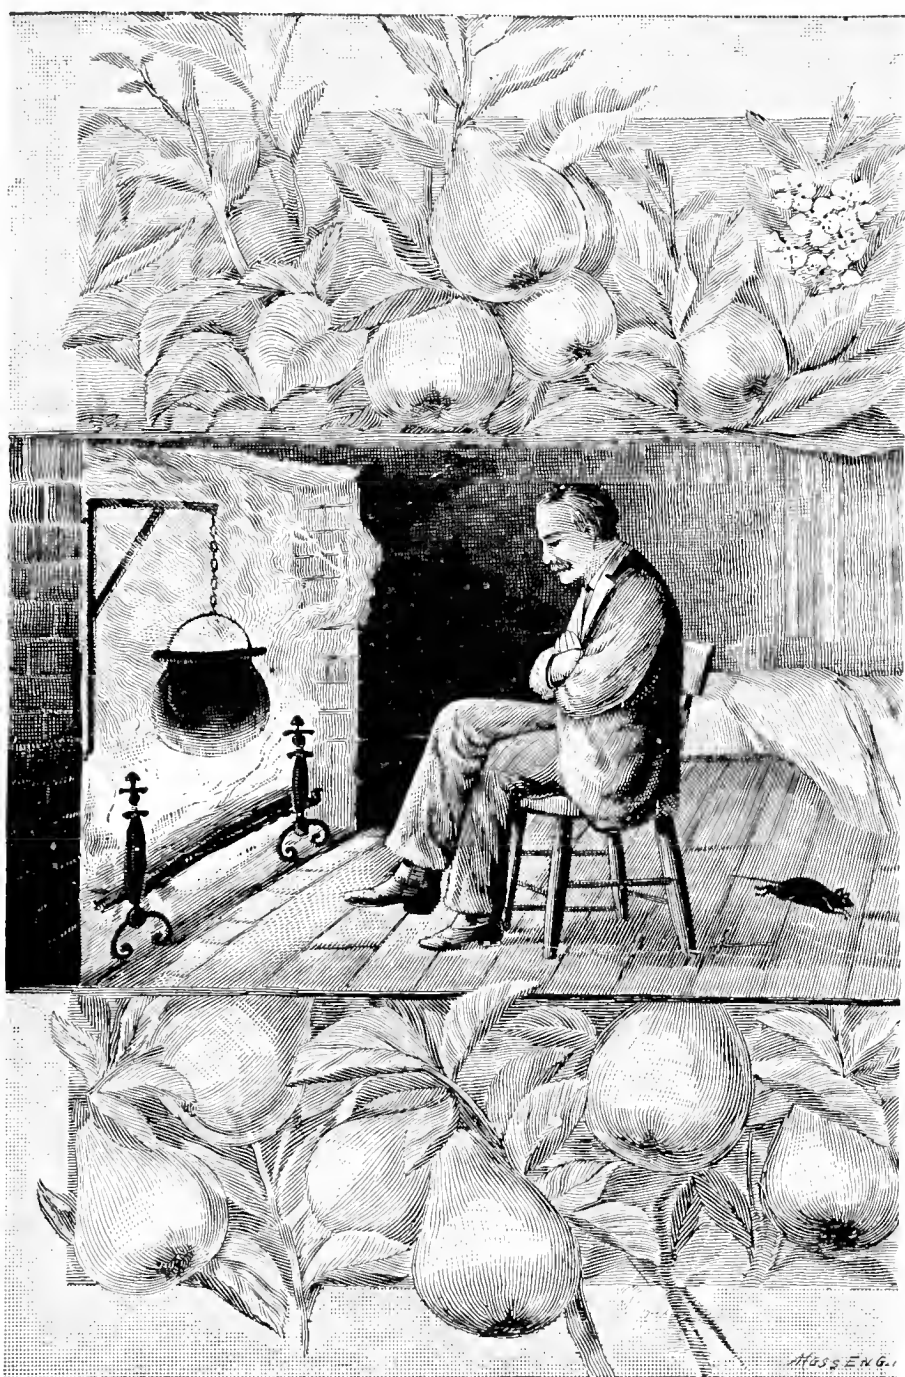

The Columnberry Hedge Plant. See page 19.

Then the receivers of this catalog would do well perhaps to turn to pages 22 and 23 for special collections and to page 24 for a list especially made up of attractive collections of smaller plants at a price each within the means of everyone.

The lists of trees and plants sent by parcel post, all charges paid by us, should and undoubtedly will have good attention. See pages 27, 28 and 29 and the Gift on page 21.

GREEN'S NURSERY CO.

By E. H. Burson.

Chas. A. Green's first night in the old farm house.

Thousands of those who receive this catalogue will recognize the above picture as one that appeared in that much called for book by Chas. A. Green, **"How We Made the Old Farm Pay,"** which was published about the year 1883.
